Our accelerated training courses are designed to encompass most of the estimated costs of completing your training course(s). This may include your hotel accommodations, training materials, aircraft rental, instructor time, and simulator time. It must be noted here that our training courses are not pre-paid packages. While you are required to keep funds on account during your training, ultimately, you will only pay for the products and services you actually used during your training course. Upon completion of your training course, any unused funds remaining on your account can either be applied to additional aircraft rental or training if desired or will be refunded to your credit card after a 30-day waiting period. An itemized statement of your account will be provided to you upon request at the conclusion of your time with us and upon completion of an audit of your charges.

A \$1,000 prepayment (training deposit) is required with this application to reserve your training slot.

A Course Cancellation fee will apply should you decide to cancel your training or terminate your training early. The cancellation fee will be deducted from your prepayment and will be applied as follows:

A \$500 fee for a cancellation which occurs **more than thirty (30) days prior to your stated intended start date.**

Less than 30 days advance notice of cancellation, or an early termination of your training will result in the forfeiture of your entire prepayment.

Online Learning Programs and Application fees are non-refundable.

Thirty (30) days after your training is completed, a thorough audit of your account will be performed at which time any remaining funds will be refunded to you.

SunState Aviation accepts Visa, MasterCard, and American Express, Travelers Checks, Electronic Funds Transfers, and Cash as forms of payment. Credit cards must be present. Manual credit card transactions are subject to a 6% Banking Services fee. Electronic funds transfers must be initiated no less than thirty (30) days prior to your start date. *We cannot accept any personal checks or Discover Cards for payment. No refunds on application fees, pilot training computer software, or online programs.*

No guarantees are implied with any of our accelerated courses. The courses are designed to be completed in the times specified; however, circumstances that are beyond our control could prevent you from completing the course in the specified time. These circumstances may include but are not limited to the following: Adverse weather, equipment failure, and the student's own limitations.

In the case of a training course not completed in the specified time, the student may elect to extend their training until completed, return at a later date to finish the course, or receive a refund of any unused funds on account. The training and hours received up to that point could still count toward your certificate or rating, even if you elect to finish your training at another facility.

Our mission is to do all that is in our power to see that you achieve your goals during your training with SunState Aviation Flight School. We pride ourselves on providing the best available equipment, materials and instructors, as well as the industry's best and only integrated flight training syllabus. SECTION X: AIRCRAFT RENTAL AGREEMENT

The renting pilot is responsible for the safe and conscientious operation of the aircraft until it is returned and securely tied down at SunState Aviation facilities. The following company aircraft rental policies and conditions apply to each flight.

I, the renting pilot, agree:

1. To operate in accordance with all applicable FAA regulations
2. Not to use the aircraft for flight instruction to any individual, unless I am an authorized SunState Aviation Instructor on a specified dual training flight.
3. To land only at FAA designated airports that are safe and suitable under the prevailing conditions.
4. Not to authorize or allow any other person to operate or handle the aircraft.
5. To telephone SunState Aviation if I am unable to return the aircraft at the agreed time for any reason.
6. To pay any landing fees, tie down fees, or any other charge incurred by me while the aircraft is in my possession.
7. All over-night/multi-day rentals must have written management approval.
8. To pay a minimum daily charge of four hours for each day that the aircraft is scheduled for me for more than four (4) consecutive hours in a single day, or for multi-day rentals, unless prior approval is acquired from management.
9. To report all accidents, major or minor to SunState Aviation at once, together with the names and addresses of witnesses and involved parties. In the event of an accident I will not permit the aircraft to be moved unless expressly authorized by SunState Aviation Flight Center or local, state, or federal authorities and will do all that I can to protect the aircraft and its equipment from further loss.
10. To pay an interest charge on any balance remaining in delinquent status (30 days or more overdue) to SunState Aviation. Interest charges will be computed at 18% APR or 1.5% per month or 0.0493% per day whichever is greater.
11. To accept the Hobbs Meter reading to the next highest tenth if it is not showing. If no Hobbs Meter is installed or working, the tachometer will be used, and the flight time will be computed at 1.2 times the elapsed tach time. Should the starting time be recorded incorrectly, I must bring this to the attention of the flight desk before starting the flight.
12. To pay the cost of recovering the aircraft if abandoned away from Kissimmee Gateway Airport (ISM) including: all transportation expenses for one pilot to get to the abandoned aircraft, pilot time at standard solo rate for all time recorded on the aircraft while away from home base, and all other costs directly related to this operation.
13. To obtain weather reports and forecasts, to file FAA flight plans for all cross-country flights, and to use the aircraft only for this purpose and over the route specified.
14. Should I need to purchase fuel for the aircraft, I will have it credited to my account for the amount of my purchase or the current SunState Aviation reimbursement rate, whichever is less. I understand all purchases must be documented with an original receipt at the time the aircraft is returned.
15. To see that the aircraft is securely tied down in a proper area, master and ignition switches off, controls secured, and doors locked.
16. To remain current in each aircraft I fly in accordance with FAR's and to have a recheck if I have not flown a SunState Aviation aircraft within the preceding 90 days.
17. In regard to a refund on a Pre-Paid Account, I understand a full refund will be given, however unless at least 20 hours were flown by me, then I agree to pay the difference between any discounted Pre-paid Rate and the current retail price. I understand my refund will then be based upon the remaining funds available. I understand the refund process can take up to 30 – 60 days to complete.
18. To accept and abide by the current no show policy of SunState Aviation. If I am unable to fly an aircraft as scheduled, I will notify SunState Aviation at least twenty-four hours prior to the scheduled flight time. If I am more than 15 minutes late for a scheduled flight and the flight cannot be reasonably completed in the remaining time scheduled, then I agree to have the flight labeled as a "No Show" and pay a fine equal to 1.5 hours of ground instruction time for your respective instructor.
19. To pay all sales and uses taxes in accordance of state laws.
20. Not to either perform or authorize any repairs or adjustments, nor make any purchases in relation to the aircraft without authorization from SunState Aviation management.
21. To accept liability for any damage done to the aircraft while in my possession.
22. To carry a current non-owned aircraft (renter's) insurance policy with a minimum of \$5,000 Aircraft Damage Liability coverage.
23. Not to smoke in the aircraft. If found to be in violation of SunState Aviation's non-smoking policy, I forfeit all privileges as a SunState Aviation customer.
24. To provide all necessary personal identification as requested by the flight desk including, but not limited to: driver's license, passport, and applicable visas.
25. To be subject to a background check and associated fees as required by the FAA
26. To maintain aircraft security and cleanliness by following the checklist (i.e.: electrical switches, fuel selector valve, control-lock, proper tie-down, locking all doors and installing pitot tube cover and removing all trash from the flight deck after each flight.) If found in violation of SunState Aviation's security and cleanliness policy I agree to pay a \$50.00 clean up fee.
