

## BECOME AN AVIATOR

Start your Bachelor of Science in Aviation online while still in high school, and **save more than one-third off of online tuition** at the collegiate level! With our Liberty University Online Academy (LUOA) dual enrollment program, you can complete a variety of general education and core aviation courses to get a jump-start on your bachelor's degree. Dual enrollment students earn half of a high school credit for every college course completed.

The Bachelor of Science in Aviation degree can be completed **in as little as 2.5 years**, with full-time enrollment and classes offered year-round — but students in the dual enrollment program can reduce that time even more, with no prior experience required!

**WHAT ARE YOU WAITING FOR?  
START YOUR AVIATION CAREER TODAY!**

LIBERTY UNIVERSITY  
SCHOOL of AERONAUTICS

## JUMP-START YOUR AVIATION CAREER!

Earn high school and college credit simultaneously while pursuing your aeronautics degree.

## PROGRAM HIGHLIGHTS:

- Earn high school and college credit at the same time with 43 general education and 30 core aviation credits available
- Train at one of our **88+ flight training locations** nationwide
- Get hired by airlines at **1,000 hours instead of 1,500** with our Restricted (Reduced Hour) Airline Transport Pilot (R-ATP) approved program
- Complete your degree in as little as **2.5 years** and be eligible for employment by airlines at the age of 21

## GET A JUMPSTART ON COLLEGE CREDIT!

The LUOA dual enrollment program allows high school students to start exploring a variety of core aviation classes early, including:

Advanced Aviation Theory  
Aviation Leadership  
Aviation Survey  
Instrument Ground  
Instrument Flight\*

Intro to UAS  
Private Pilot Flight I\*  
Private Pilot Flight II\*  
Private Pilot Ground I  
Private Pilot Ground II

\*Courses require flight training that must take place at a Liberty-approved Flight Training Affiliate. Visit [Liberty.edu/FTA](http://Liberty.edu/FTA) for a full list of affiliate locations across the nation.

## EARN FLIGHT HOURS IN COLLEGE AS A FLIGHT INSTRUCTOR!

Liberty's Dual Enrollment program allows high school graduates to get their instrument flight rating and up to 60 college credits while still in high school, allowing you to complete your commercial flight rating during your first year with Liberty. This means that you can become a flight instructor after only four semesters and finish your degree while earning flight hours and teaching experience. **Dual enrollment students can complete their bachelor's degree and be hired by airlines at 21 years of age.**
